

JAMES E. THEIMER

*"It is more than worth the effort to keep designing anew.
It is absolutely essential.*

*Design achieves change. It is truly architecture's fountain of youth.
It keeps the thinking fresh; the ideas new; the outcome original; and the art vibrant."*

CURRICULUM VITAE

OF INTEREST	Principal architect & founder of Trilogy Architecture • Urban Design • Research	
	Over 25 years experience in a broad range of architecture and urban design projects with no emphasis on any single building type. Promotes and enjoys the challenges of non-traditional projects, including adaptive historic structures, water features, sustainable technology buildings and urban parks and streetscapes.	
	Strong interest in and history of collaboration with other architects, architectural firms, and artists; and cooperation with organizations promoting accessibility for individuals with disabilities.	
EDUCATION	Cornell University, Bachelor of Architecture	
REGISTRATIONS	Licensed Architect, State of California Architectural Certification, National Council Architectural Registration Boards	
PROFESSIONAL AFFILIATIONS	American Institute of Architects	
HONORS	2002 Honor Award	American Institute of Architects California, Central Valley Chapter
	2003 Rotarian of the Year	Rotary Club of Redding, California
	2003 Alumnus of the Year	Leadership Redding
	2006 Merit Award	American Institute of Architects California, Central Valley Chapter
